Environmental Note

Studio Barn Owl is committed to sustainability. Below are the ways in which I try to reduce waste and keep things as local as possible.

Backing Boards

All backing boards for art prints are made of 100% recycled materials.

Cellophane

Clear protective sleeves are made of 100% compostable plant-based cellophane*. Greeting cards also have no seal flap to reduce waste.

Packaging

Mailers are made of 100% recycled materials and are reinforced with recycled cardboard. Hand deliveries are wrapped in kraft paper and sealed with plastic-free washi tape.

Printing

All art prints and greeting cards are printed locally to both cut down on carbon emissions from long-distance shipping and support the local economy. All vinyl stickers are printed and die cut by me in Montreal.

Publications

All publications have been printed in Canada. *31 Palaeo Pals* was printed in Ontario while *Views from Isolation* and *The Found Book of Losst* were printed in Montréal, Québec.

*Except the sleeves for 13" x 19" art prints, which are made of 10% recycled materials instead.

If you have any questions, concerns, or suggestions for how to improve sustainability, please don't hesitate to contact me!
